

CERTIFICATE OF REGISTRATION

Information Security Management System
 ISO/IEC 27001:2013

MariaDB plc.

A-LIGN Compliance and Security, Inc. certifies that the organization operates an Information Security Management System that conforms to the requirements of ISO/IEC 27001:2013. The scope and boundaries of the ISMS is as follows:

“The scope of the ISO/IEC 27001:2013 certification is limited to the information security management system (ISMS) supporting the development, operation, and administration of the MariaDB Managed Database, MariaDB ID and RDBA platforms. This includes all people, processes, systems, and physical locations that are necessary in the delivery of the MariaDB Managed Database, MariaDB ID and RDBA services. These activities are governed by the implemented controls in accordance with the organizational Statement of Applicability. The organizational scope also includes the Security, Information Technology, SRE/Operations, Database Administrators (DBA), Support, Human Resources, Sales, Legal and Engineering/Development teams affecting the Information Security Management System.”
