

CERTIFICATE OF REGISTRATION

Information Security Management System
ISO/IEC 27001:2022

MariaDB plc.

A-LIGN Compliance and Security, Inc. certifies that the organization operates an Information Security Management System that conforms to the requirements of ISO/IEC 27001:2022. The scope and boundaries of the ISMS is as follows:

The scope of the ISO/IEC 27001:2022 certification is limited to the information security management system (ISMS) supporting the development, operation, administration, and support of MariaDB products, applications, and related services, including MariaDB Cloud Database, MariaDB Managed Database (MMD), MariaDB Enterprise Server, GridGain, RDBA (Remote Database Administration) Service Systems, MariaDB ID Identity Platform and technologies and personnel associated with acquired entities integrated into MariaDB operations and business functions.

This includes all people, processes, systems, and locations necessary to support these operations and services including Security, Information Technology, SRE/Operations, Database Administrators (DBA), Support, Human Resources, Sales, Legal, Product, and Engineering/Development teams affecting the Information Security Management System.

The statement of applicability includes control objectives from the ISO/IEC 27001:2022 framework.
